

BE ADVISED:

I am receiving email from your company to multiple email addresses at several of my domains. None of these email addresses have been "subscribed" to any list by me, my family members or anyone else. Nearly 100% of these email addresses have been harvested off of my various web sites. Please stop.

WE OPTED OUT

My domains are all listed on a new web site called **www.OptOutByDomain.com**.

I respectfully request that you REMOVE all of the email addresses that belong to the domain names listed at: **www.OptOutByDomain.com**.

You have 10 days to CEASE AND DESIST the emailing to email addresses belonging to my domains, all of which are listed in the database at **www.OptOutByDomain.com**.

Thank you for your immediate attention and cooperation.
